cell: 802-683-4526

## **TECHNICAL REQUIREMENTS FOR *PUNSCI***

### Staging:

We need a 9' overhead clearance. 10' by 10' is a comfortable playing space for us, but the show is flexible in it's set up. We can perform indoors or outdoors (but outdoors we do not have the option of overhead projection to expand audience size). We have a large sun umbrella puppet booth and a self constructed table for the flea circus. We would travel with the show as luggage, and ship only the umbrella stand, unless the venue can supply one.

We need the venue to supply one stool.

### Sound:

We need a sound system out of which to run our microphone lapel.

### Lighting:

In theaters we work with a simple wash and specials on the hand puppet show and flea circus. Outdoors we work with natural lighting.

### Personnel:

2 performers

1 technician: lights (supplied by venue)

### Set up/ Strike time:

1 hour

Videotaping of the show is not permitted unless previously agreed upon.

\*\*\*IF YOU HAVE ANY QUESTIONS, PLEASE CALL US. THANK YOU!\*\*\*
