

## Ha Ha Da Vinci - Social Story - Sandglass Theater

I will arrive at Sandglass Theater.

I will see Leslie or Mackenzie at the box office.

I will walk down the ramp that leads into the theater.

I will find a seat inside the theater.

I am here to watch the performance.

During the show, performed by Phina Pipia, I will hear music and see magic, dancing, and puppetry.

I will see a character named Lucia read from a book, and then I will see her have an adventure through time. Sometimes, I might feel like I am on the adventure with her, and that might make me feel amazed and happy. During the adventure, magical things will happen. Paintings might seem to come to life. Tomatoes will appear and disappear. Sheep will jump into the air. These things might make me laugh, because they will be beautiful and a little hard to explain. I will also hear lots of music during the show. Lucia will play the tuba, and she will also play the guitar and sing songs. This music might make me want to clap and hum or sing along. After the show, it might feel like I am waking up from a very good dream.
